PRELIMINARY AMENDMENT

Please amend the above application as follows to conform the specification with U.S. practice.

In The Specification

On page 8, line 18, please delete the symbol " \ast/\emptyset " and substitute the following symbol " Ω / \square "

In the Abstract

Please add the following Abstract (also attached on a separate sheet at the end of this preliminary amendment):

-- A light-emissive device comprising: a light-emissive region (12); a first electrode (10) located on a viewing side of the light-emissive region for injecting charge carriers of a first type; and a second-electrode (11) located on a non-viewing side of the light-emissive region for injecting charge carriers of a second type; and wherein there is a reflectivity-influencing structure (13) located on the non-viewing side of the light-emissive region and including a light absorbent layer comprising graphite and/or a fluoride or oxide of a low work function metal. --
